More Railroad Frauds in New York. New York, July 7.—It was reported at the Stock Board this afternoon, that discovery had been made of a very heavy over-issue in the heads of the Harlem Railroad, of which George Schuyler, brother of Robert Schuyler, President, both implicated in the New Haven, Railroad frauds. Considerable excitement in Wall street in consequence.

SECOND DESPATCH. After a thorough investigation into the affairs of the Harlem Railroad Company, there has been discovered a frandulent over-issue of one thousand shares, made by the Sceretary of the Company, who has confessed the crime, and declared that the proceeds had been applied to private purposes. plied to private purposes.

Another Terrible Railroad Accident. New York, July 7 .- The express train which left the Suspension Bridge over the Great Western Road, last evening, was thrown off the track by running over a horse. Two of the emigrant cars were filled with passengers; seven were killed on the spot, and ten were so seriously injured as to render their rewere so seriously injured as to render their re-covery almost hopeless. Some six or seven others were slightly wounded. The passengers in the first class cars escaped unburt.

BALTIMORE, JULY 7 .- The Baltimore market for breadstuffs is depressed. The nominal prices of flour is the same as before the arrival of the last steamer, but there are no sales. Howard Street flour is held at \$8 50, and City Mills at \$8. We quote rye flour at \$5.25, and corn meal at \$3.31 and \$3.37 a \$4.

The supply of grain on hand is small. Of wheat, 3,000 bushels were offered at prices

ranging from \$1.60 a \$1.70 for white, and \$1.60 a \$1.65 for old red. Corn quiet; 7,000 bushels offered, and sales of white at 74 a 75 cents; yellow at 75 a 78 cents; mixed at 73 cents. Oats—3,000 bushels offered, and sales at 60 a 62 cents.

Stock Market.—The late developments of the fraudulent over-issue of stock have had the effect to excite a general feeling of insecurity in the community. The fact that four frauds of over issue within thirty days have been discovered creates a feeling of distrast of all stocks; and, indeed, has caused a decline and a suspension of operations in stocks. The last rumor in regard to Robert Schuyler is, that he used the proceeds of the over-issued stock of the New Haven Company to pay the bonds of the Company due in December last.

NEW YORK, JULY 7.—But little business is doing in the New York Market for breadstuffs. This morning 4,500 barrels of flour were Southern at \$8 50 a \$8.87. The stock market, which has been slightly depressed in consequence of the late develop-ments of a fraudulent over-issue of stock, is slightly firmer. The stock-brokers are generally afraid to operate. Every man in Wall street looks askance at

his fellow, and is afraid to touch his paper.

It is believed that Robert Schuyler, Presideut of the New Haven Railroad Company, has gone to Canada. The last that was seen of him was at Saratoga, on the ears, en route for Burlington.

We are again publishing advertisements of Ayer's Cherry Pectoral. This medicine is taking a very strong hold upon the good opinion of the people. It is regarded generally as a most excellent remedy for Pulmonary Complaints, Coughs, and Colds. Having found it an excellent medicine, we ch ully endorse it .- Miscellany, Detroit.

A GREAT BLESSING TO THE APPLICIED.

The number and formidable character of disasses of the Liver have long challenged the attention f medical men. Some of these diseases, classed under the general term of Consumption, have been supposed incurable, and the unhappy patient allowed to die, without medical science to offer him a hope of recovery. Happily this can no longer be the case. A remedy has been found which will cure complaints, of whatever character, arising from derangement of the Liver. The Pills discovered by Dr. McLane, of Virginia, act directly on the Liver; and by correcting its operation, and purifying it from disease, cute off and extirpates the complaints which have their origin in the diseases of this organ. Remedies hithrto proposed for liver complaints have failed to operate upon the seat of the disease; but Dr. Mc-Lane's Pills make themselves felt upon the action of the Liver, and, by cleansing the fountain, dry up the mpure streams of disease, which thence derive their

Kastman's Infallible Sick Headache Remedy. Eastman's Infallible Sick Headache Remedy.

THIS preparation, by E. P. EASTMAN, M. D., of I. Lynn, Mass., has been used in private practice for the last four years, with the greatest success. A radical cure has been effected in every instance where the directions have been strictly followed and persevered in. It is now given to the public with the full confidence that it will do all that is claimed for it, and prove itself, upon fair trial, an infallible Sick Headache Kemedy.

It is safe and pleasant to the taste, it brings immediate relief, and all who test its curative virtues rejoice in the removal of pain, and marvel at its power in alleviating so general, and often so fatal, a scourge The following is from D. C. Baker, Esq., Mayor o. Lynn, and President of the Howard Banking Company, Boston:

Dr. E. P. Eastman.

R. P. Rastman DEAR SIR: A member of my family—a daughter, ten years of age—was afflicted with the sick headache, and we tried various remedies without success. When, however, you administered to her your "Headache Powders," we found them to be very beneficial, and,

in fact, restored her to health.

I should, without hesitation, recommend them to those afflicted; and I beg to assure you, that I fully preciate their value. Respectfully yours, D. C. BAKER. LYNN, August 6, 1853.

Dr. E. P. Eastman.

My Drar Sir: I avail myself of this opportunity to express to you my high appreciation of the efficiency and value of your Sick Headache Remedy. I have been afflicted, since my childhood, with very severe turns of sick headache, and have tried various remedies which hare been prescribed, but found no considerable relief until I tried your remedy, which, I am happy to say, has almost entirely cared me. Several of my neighbors and friends have tried your medicine, and in every instance it has entirely relieved or greatly mollified the disease.

Faithfully yours,

JOHN B. ALLEY.

THE CONFLICT OF AGES!

BY DR. EDWARD REECHER. This Remarkable Work has reached its Fifth Edition, in the brief space of Four Months! A success unprecedented in Theological Pub-

A N impression has already been produced by this masterly treatise, the most protound, wide reaching, and permanent.

It is perfectly manifest to all competent observers, that we are upon the eve of a theological discussion, the most comprehensive, radical, and portentous, the world has ever seen. To this discussion this book leads the way, with a momentum irresistible. There is not a question in Theology which is not destined to come up for a new and thorough settlement in the light of this final development.

All those who have Theological doubts and difficulties should examine the solution this work affords. Those who have no doubts, but who wish to study the history of opinions in the past, and to keep pace with the developments of opinion in the future, will grievously err if they neglect to make themselves familiar with this book. It contains the seeds of the thinkings and debatings of the next hundred years. The reception of this work by the Theological press of the country, has been significant. Equally declining to accept his conclusion, they do it on opposite and contradictory grounds. One half of the Theological press endorses the major. And as they are prechably hoth right in their positive element and

argument, and denies the major. And as they are probably both right in their positive element, and wrong in their negative, the work has received a Virtual Endorsement of the most powerful kind.

As regards the ability of the work, and its claims on the attention of all, the following extracts may

We feel that our simple word is requisite only to satisfy our former customers that the one price system is the correct one, and to their advantage; and we do not hesitate to assert our belief that all candid and intelligent persons will, after an impartial examination of prices, fabric, and styles, give a one price store the preference. ORIGINAL WESTERN LITERATURE. ORIGINAL WESTERN LITERATURE.

"The West has no literature," was remarked by a prominent speaker in a public assembly, not a long time since. The West has a literature—a literature of her own—tresh, bold, vigorous, and beautiful—not refined into stupidity, not degenerated into obscenity—but looming up like her own mountairs, fortile as her rich soil, attractive as her blooming prairies. It has been the object of the Genius to gather in the choicest productions of this literature, and to send them forth again, to encourage, to please, and to instruct. It is not surprising that the public have regarded this object with extraordinary favor—a favor which is evidenced by the remarkable success of the Genius of the West. It has elicited the attention and admiration of cultivated minds in all parts of the country. From South Carolina, from New England, Genius of the West. It has elicited the attention and admiration of cultivated minds in all parts of the country. From South Carolina, from New England, from Oregon, from every quarter where it has become known, there come eager calls for the Genius, accompanied with words of such enthusiastic commendation, as may well excite in the editors, as well as contributors feedings of pride and pleasure.

contributors, feelings of pride and pleasure.

On the beels of this success, Mr. Dunnaw, the projector of this enterprise, is enabled to announce, for the forthcoming volume, NEW AND ATTRACTIVE FEATURES! Foremost, he has had the good fortune to associate with him Prof. COATES KINNEY, who has purchased with him Prof. Coates Kinner, who has purchased an interest in the Genius, and will hereafter devote his whole attention to its pages. Among the poets and prose writers of the West, Mr. Kinner is conspicuous in the foremost rank; and the enlistment of his pen in the editorial department cannot fail to excite a deeper and still wider interest in the minds of the reading public.

The typographical execution of the work has also been improved, and so arranged as to afford a much greater amount of reading matter, without any advance in price
